The Lift-Up™ Power Mobility Seat complements the Toyota Sienna® interior with these innovative features for safety and ease of use:

- Fully powered rotating and lowering functions
- Available positions for the Lift-Up Seat include passenger side first or second row
- Side airbag function maintained in front passenger seat for maximum passenger safety
- Hand-held controls with magnetic and pocket holders for ease of operation
- Shielded mechanism while seat is rotated for interior safety
- Backup emergency operating system

To enhance your enjoyment and comfort while traveling, the Lift-Up Seat also features:

- Factory Toyota Sienna® seat with armrests
- Convenient fold-down footrest for ease of entry and exit
- Reclining capability for maximum comfort
- Power forward and backward seat adjustment

More specifications:

- Weight capacity for both seats: 330 lbs (150 kgs)
- Seat height from ground (approximate lowest position) varies by model year:
  - front passenger – 18 in (45.72 cm) - 19 in (48.26 cm)
  - mid right passenger – 15 in (38.10 cm)

## Easy to own

The Lift-Up Seat is specially designed for all 2004 and newer Toyota Sienna® minivan models, in both 7- and 8-passenger seating configurations.

Also, because the Lift-Up Seat is so simple to install and later remove as the needs change, it can even be placed in a leased Toyota Sienna®. Easy removal means no damage to your new Sienna® and no-hassle trade-in down the road.

The Toyota Mobility Program also provides cash assistance to consumers for the purchase and installation of adaptive equipment on new Toyotas. Toyota Financial Services (TFS) can assist you with your purchase.
